Research Network**

Réseau de Recherche sur la
Mobilité Climatique en Afrique

Insights

Join the Climate Mobility Africa Research Network (CMARN) for the launch of the 2024 Series of [Climate Mobility Africa Insights](#): the only dedicated online publication dedicated to evidence-based law and policy responses to climate mobility in Africa.

[Register](#) for the launch and hear the authors discussing:

- Climate-related **internal displacement**
- Integrating **local perspectives** into policy development
- Strengthening **local government** responses
- Leveraging **climate funding** to address mobility
- Climate change, mobility and **health data**
- **Internal remittances** and climate resilience

The *Insights* publication series disseminates cutting edge climate mobility research to governments and other policy makers, fostering dialogue between policy makers and researchers and a platform for CMARN members to share their research.
